Community Garden Site Survey

FORM

PR 1002

May 2011

This survey will determine the existing conditions near the proposed community garden by identifying who commonly uses the proposed area, what the types of uses current exist there, which days and hours the park is most heavily used, site microclimate, distance to and types of surrounding land uses, the location of park amenities and the physical features of the site. Please submit this survey to the Park and Recreation Department, 202 C Street, MS 37c, San Diego, CA 92101. This petition will be processed and forwarded to the appropriate City staff, recreation council and organization associated with the operation of this community garden. For additional information or assistance contact City staff at (619)-525-8213.

Instructions							
Three separate site visits will be conducted over a period of two weeks to survey the site. One visit is to be during peak park usage time on the weekday and one during peak usage time on weekend. A park employee must accompany the site surveyor on the first survey visit. Visits are to be conducted during periods of highest use to better understand park use patterns.
